## President Plans No Immediate Action In Strike

Disputants May Be Summoned To White House For Parley Next Week

### NO EMERGENCY AS YET IS CONTENTION

By PHILLIPS J. PECK (L.N.S. Staff Correspondent)

WASHINGTON, Oct. 1.—Government labor officials indicated today that President Truman plans no immediate drastic action in the steel strike, but may summon the disputants to Washington for a peace parley early next week.

The president, himself, was silent as the country's first nationwide shutdown of the steel industry in three and one-half years got under way.

He declined comment as he returned to the capital from Missouri only a few hours before the walkout of 500,000 CIO Steelworkers started at 12:01 a. m. today.

Other officials said, however, that the chief executive does not yet feel the situation requires any emergency step such as use of the anti-strike injunction machinery of the Taft-Hartley law.

Instead, they indicated that CIO President Philip Murray and officials of key steel companies probably will be called to Washington for a conference next Tuesday or Wednesday.

This would be in line with the month-long steel strike in February, 1946. The White House arranged top-level conferences here that produced a settlement.

Federal price controls figured prominently in the 1946 tie-up. The steel industry agreed to an 8½-cent hourly pay boost for its employees after receiving government approval of a steel price boost.

The current strike resulted from the steelworkers' demand that the industry pay the entire cost of a ten-cent hourly pension-insurance program.

Steel men refused. They agreed to the figure, which was recommended by a presidential fact-finding board, but insisted that

## Opposing Steel Strike Leaders

PITTSBURGH, PA.—CIO President Philip Murray (left) ordered picket lines formed before steel mills across the country as some half million CIO Steelworkers shut down the industry in a pension strike today. U. S. Steel's president Benjamin F. Fairless (right) blamed the strike on Murray's "inflexible" stand in negotiations.

## Sheet And Tube Company Head Expresses Regret

YOUNGSTOWN, O., Oct. 1.—(INS)—Frank Purnell, president of Youngstown Sheet & Tube company, today expressed regret over the "inconvenience" the nationwide steel strike will cause to communities.

Purnell said: "Our plants along with most other steel producing plants in the United States have been closed through failure to reach an agreement on demands of the union for insurance benefits and pensions. We regret the loss of our steel-making facilities to the nation, the loss of wages to our 25,000 employees and the financial loss to our 13,000 shareholders."

"We feel that our offer up to and including four cents an hour toward a contributory program of insurance benefits to be mutually agreed upon, and six cents an hour toward a contributory pension plan to be established following a joint study by the union and company to be very reasonable. We are sorry the union rejected this offer and closed our plants."

## Says Shanghai Now Prostrate

American Business Man Tells Of Conditions On Reaching Yokohama

YOKOHAMA, Oct. 1.—(INS)—An American businessman today described Shanghai as "prostrate" to day under Chinese Communist control and asserted on his arrival in Yokohama that the Chinese Reds seek Soviet-type government.

Edward S. Wise, an "old China hand," and district passenger agent in Shanghai for the American President Lines, called the hitherto teeming port "a dying city."

Wise was only one of the 931 foreign refugees who arrived in Yokohama aboard the SS General Gordon, the first big luxury liner permitted to enter or leave Red Shanghai through the Chinese Nationalist naval blockade started last summer.

Shanghai Prostrate  
The overseas businessman said Shanghai has been "prostrate" for several years and that one symptom of its decay as a vital mercantile center of the Far East was its half empty streets, buses and trams.

Wise said it is apparently the policy of the Chinese Reds "to move people out" of the big port city on the Yangtze river artery for China's most fertile area. The agent recalled a Shanghai Rotary club meeting a week ago where Communist spokesman Y. K. Woo gave "a strange speech," saying China neither needs or wants a first or second class city.

## American Can Co. Contract Is Signed

CINCINNATI, Oct. 1.—(INS)—The American Can Co. announced today it has signed a contract with the United Steel Workers calling for company-financed pensions, thus averting a strike by 15,000 of its employees in 28 plants.

The contract agreed upon by the company and District 25 of the USW represented the first major break in the steel industry's united front against industry-supported pensions.

The agreement was reached at 11 p. m. EST, just an hour and one minute before a nationwide walkout by the USW went in effect, idling about 513,000 workers.

Pension Plan  
The company, going along with the report by President Truman's fact-finding board, agreed to six cents per hour per man pension plan, which it said would cost two million dollars annually.

American Can said that 15,000 other employees are not covered by the new pact because their contracts have not yet expired.

The USW and the firm had been bargaining on pension since September 19. Last August, in negotiations at San Jose, Calif., the

union won two other demands but dropped a wage boost request in favor of the pension program.

Prior to the agreement, CIO President Philip Murray had wired Al Whitehouse, District 25 head, to call the men out if the company failed to come to terms.

Richard Bailey, president of the United Steel Workers Local at the New Castle plant of the American Can company, was a member of the negotiating committee in Cincinnati, O.

Mr. Bailey is expected home sometime today or Sunday.

Marshall Tito Charges Russia Is Threatening

Belgrade, Oct. 1.—Marshall Tito charged today that Russia is putting "aggressive" pressure on Yugoslavia including Soviet troops on its borders, and has violated the United Nations charter.

A note handed the Russian charge d'affaires in Belgrade declared that Russian troop movements in the Cominform countries adjoining Yugoslavia "have contributed to the creation of a war psychosis which in inflicting a serious blow to international cooperation and peace."

It was the first time that Tito has implied that Russia might resort to military action against Yugoslavia.

Danger Is Seen  
This clear reference to the danger to peace coincided with statements in the Belgrade press which asserted that military maneuvers just concluded in South Belgrade were the largest held in the country since the war. It added:

"It showed the Yugoslavian army's readiness for any eventualities."

The Yugoslav note which was drafted and signed by Tito in his

Longshoremen Call Off Strike

NEW YORK, Oct. 1.—(INS)—By a 10 to 1 vote members of the International Longshoremen's Association voted last night to call off for 30 days the strike that had been scheduled for 12:01 a. m. EST today.

The request to halt the strike, which would have tied up shipping from Maine to Virginia, was made both by their own negotiating committee and the shipowners and employing Stevedores.

Negotiations for a new contract are now under way, under direction of Cyrus S. Cing, chief of the federal mediation and conciliation service.

TEST PILOT KILLED  
CABERLEY, Eng., Oct. 1.—(INS)—Britain's revolutionary flying triangle jet plane—the single-seater fighter Avro 707—crashed last night on the bush-covered Surrey Heath killing ace test pilot Sam Easter.

The plane, still on the partially-secret list, was the sensation of the Farnborough air show at the beginning of the month.

## Deadlock On Coal Contract Is Unchanged

Hard Coal Miners Return To Work Monday Fails To Alter Negotiation Status

### BULK OF STRIKERS TO STAY OFF JOB

By WILLIAM FLANNERY (L.N.S. Staff Correspondent)

PITTSBURGH, Oct. 1.—One-fifth of John L. Lewis' 480,000 striking coal miners prepared today to return to the pits, but union-industry negotiations for a new contract remained deadlocked.

The United Mine Workers' president ordered 22,000 western bituminous miners and 80,000 anthracite miners in Pennsylvania to report to work on Monday. His decree did not affect the bulk of the strikers, 378,000 soft coal miners east of the Mississippi, who produce 80 per cent of the nation's supply.

Although dependent industries have yet to feel the strain, the soft coal walkout, in its 13th day—along with the day-old steel strike—is now threatening to create shut-downs.

Provide Home-Heating Coal  
The 102,000 men returning to work produce fuel used almost entirely for home-heating. The men still on strike mine coal which is consumed by heavy industry.

Lewis ordered his 102,000 miners back on the grounds that their walkout, which he originally contended was a spontaneous protest demonstration, was "not vital to pending wage negotiations."

The UMW is negotiating with northern and western soft coal operators at White Sulphur Springs, W. Va. There has been no indication of an agreement, and Lewis' action in sending men back to the pits apparently did nothing to ease the situation.

## Three Fugitives From Farview Are Back In Custody

SCRANTON, Pa., Oct. 1.—(INS)—Two inmates who escaped Sunday from the Farview hospital for criminal insane were back in the custody of the institution today.

Hospital attaches said Robert Kitzinger, 45, of Homestead and Robert Inners, 23, of York were recaptured yesterday as they slept in a wooded area near Gravity, Wayne county. The pair was apprehended by two unarmed hospital guards.

A third inmate who also escaped, William Darling, 65, of Cleveland, O., was recaptured Wednesday.

All three suspects had been listed as "not dangerous."

## Picket Lines At Youngstown Steel Plants

PITTSBURGH, Oct. 1.—(INS)—Casual steelworker picket lines were maintained at three plants of the Youngstown Sheet & Tube company in Youngstown today.

Only about 30 men were on picket duty last night. A few maintenance workers were permitted to enter the plants with union approval. Youngstown Sheet & Tube employs 19,100.

## Proclamation

Whereas this nation has an unused reservoir of skills and strength in those of our fellow citizens who by reason of physical handicaps are denied opportunities for employment; and

Whereas the people of this nation are profoundly conscious of the limitless debt they owe their fellow citizens who count the costs of wars in terms of physical handicaps; and

Whereas each year the toll of industrial and other accidents increases the number of handicapped persons seeking work; and

Whereas thousands of handicapped workers have demonstrated that physical handicaps are no insurmountable bar to efficient and productive labor; and

Whereas the employers of our community have an excellent opportunity to assist in this national effort to rehabilitate otherwise qualified but physically handicapped workers by employing their services; and

Now, therefore, I, John F. F. Haven, Mayor of the City of New Castle, Pennsylvania, do hereby call upon the people of our City to observe the week of October 2, to 8, 1949, as National Employ the Physically Handicapped Week. I also call upon the leaders of industry, labor and civic groups to make every effort to enlist public support of this program aimed at the employment of physically handicapped workers.

In witness whereof I have hereunto set my hand and affixed the seal of the City of New Castle, Pennsylvania, this 30th day of Sept., 1949.

## Half Million Men Idle In Nation As Plants Are Closed

By JAMES L. KILGALLEN (L.N.S. Staff Correspondent)

PITTSBURGH, Oct. 1.—A nation-wide steel strike began at 12:01 a. m. (EST) today throwing at least 500,000 men out of work and casting a dark cloud over America's economy.

Virtually all of the country's steel mills closed down as zero hour struck.

Latest word from Washington gave no indication that President Truman contemplated intervening immediately in the controversy, although the disputants may be called to the Capital next week.

Thus, the nation found itself thrust into one of its gravest post-war industrial periods. Close to 400,000 coal miners are now idle. Should the stoppages in basic metal and fuel be prolonged, other key industries are bound to feel the pinch.

Surprise Announcement  
The first break in the steel strike, however, came in surprise announcements last night by the CIO-United Steel Workers and the American Can Co. Spokesmen for both said that the firm had signed an 11th hour contract, granting the controversial company-financed pension plan, which has been the crux of the strike issue.

A strike order affecting about 15,000 workers in 28 of American Can's factories was rescinded. The agreement, reached in Cincinnati, was hailed by union officials as a possible turning point.

They said that while American Can is not a basic steel firm, it is the first large company to accede to the union's demand for a non-contributory pension program as

PITTSBURGH, Oct. 1.—(INS)—The nation's basic steel industry was shut down today as a result of a strike which began last midnight, throwing 500,000 men into idleness.

The strike hit 54 steel producers, topped by U. S. Steel corporation's 13 subsidiaries. About 50 ore mining firms were also down.

Up to noon today there were no disorders. Picketing at the big steel plants was orderly. No one in a position of authority would estimate how long the strike would last but already it was a definite threat to America's economy.

As much as it dovetails with the current walkout of nearly 400,000 coal miners.

Recommended by President Truman's fact-finding board.

Elsewhere, the steel strike proceeded per schedule. A check-up by International News Service this morning indicated it would be virtually 100 per cent effective.

The strike ended three and a half years of peace in the basic steel industry.

Plants Are Picketed  
Groups of pickets carrying placards formed around the main entrances of the big steel plants as workers emerged from late shifts. There were no disorders during the first hours of the strike.

Nearly all of the 125,000 steel workers in the Pittsburgh area were out. Only small maintenance forces, countenanced by the union, were on the job.

Picketing was described as "orderly." At the Jones & Laughlin plant, a union sound truck instructed the pickets to remain quiet and warned against disturbances.

Company spokesmen pointed out that the plant's had begun cooling off their furnaces in preparation for a full shutdown 48 hours before the strike went into effect. The first simultaneous steel-coal strikes in the country's history found nearly one million workers idle across the nation.

To Affect Other Industries  
The two big strikes are certain to adversely affect other industries. Already thousands of railroad workers have been laid off as a result of the coal walkout.

Philip Murray, president of the United Steelworkers, called the strike at 8:30 p. m. (EST) when negotiations between the union and U. S. Steel in a downtown Pittsburgh hotel came to a "complete impasse."

Blaming "big steel" for the breakdown of negotiations, Murray declared:

"This strike has been forced upon the union and the American people by the company."

## Ellwood City Plant Down Due To Strike

National Tube Co. Plant Only One In County Affected By Steel Strike

Ellwood City's largest industry, the National Tube Company, blacked out at 12:01 this morning when the 3700 employees followed the other basic steel industries of the nation out on strike. About 300 employees are New Castle area residents.

A picket line was established at the main entrance to the plant, but the picketing is mostly of a "token" variety. No attempt to send men through the gate is expected and the union leaders feel it is unnecessary to maintain a large picket staff.

"No Trouble"  
"We have had no trouble nor do we expect any" said Martin Kovach, president of United Steelworkers, CIO local 1220, and Stanley Evans, president, Salaried Workers' Union CIO, 2289.

Both of them were on the picket line shortly before noon and with them a handful of other striking employees.

Up until late Friday night the men of the National Tube Company hoped for a peaceful settlement of the issues between the CIO and the basic steel industries.

Receive Orders  
Shortly before midnight the union leaders received word from Philip Murray, CIO president in Pittsburgh, that the strike was on as of 12:01 this morning. The tube men left their posts and declared the strike in effect.

The Shelby plant of the National Tube Company employs approximately 3700 persons. It is (Continued on Page Two)

How do you win a ball game, how do you cop the flag, how do you finish atop the league with the gonfalon in the bag? You need some pitching and fielding, and some fellows who know how to hit, but on top of all that you need brains on the bench, a good manager won't hurt a bit. And more than that you need hustle, for the minute the teams start to play, and all of them add to a flag winning club, it's 71 today.

Picketing of the National Tube company plant in Ellwood City began early this morning when the 3700 employees went on strike along with other basic steel plants in the nation. Picture above shows pickets at the main gate of the plant.

(Continued from Page One)

of U. S. Steel—a \$2 billion corporation that alone accounts for 40 per cent of American steel production—threw the blame for the strike back at Murray because of what he termed Murray's "inflexible position".

"We feel sure," Fairless asserted, "that the public will promptly recognize that the responsibility for strike rests with the union."

**Pension and Welfare Plan**

The strike issue revolved around a pension and welfare plan. In last week's negotiations in Pittsburgh, U. S. Steel, pace setter for the industry, stood by its offer to put up 10 cents an hour for pensions and welfare on the condition that its 170,000 workers also contribute.

Murray, however, adhered to his demand that the company pay the whole bill on the 10-cent basis.

Other big companies, such as Bethlehem Steel, Republic Steel and Jones & Laughlin, backed up U. S. Steel.

The issue between the union and steel management was predicated on a recommendation by a presidential fact-finding board for settlement of the dispute. The board suggested the workers should get no wage increase, but recommended a company contribution of six cents an hour for a pension plan, and four cents for social welfare.

Management rejected the proposal. The union accepted it.

Murray took the firm stand that such a pension and welfare plan should be accepted by management as part of the normal cost of production.

**"Declines To Bow"**

Fairless declared:

"The position of Mr. Murray is that the board has powers equivalent to those of a compulsory arbitration tribunal... despite the written assurance of President Truman... that its recommendations would not be binding on their party."

"United States Steel declines to bow to such an ultimatum."

Fairless claimed that on Thursday last the union made a new demand for a wage increase of 30 cents an hour as an alternative to all questions under discussion in the negotiations. This, said the U. S. Steel head, indicated the

USW's unwillingness to reach a fair settlement.

Murray, however, took the position that the strike was "forced" on the union. He claimed responsibility of the strike "rests entirely upon the company."

**Murray's Position**

The CIO president declared:

"This company, in complete disregard to the national interest, has said no to the board, no to the union and no to the president of the United States and to the American people."

He added there was no alternative but for him to call the strike.

Federal negotiators who had been trying to bring both sides together admitted in a statement last night that in their efforts to avert "a tragic conflict" in the dispute "have not been fruitful."

William Margolis and Peter Seitz of the federal mediation and conciliation service, who have been meeting with the representatives of both sides, announced they would go to Washington today and report in detail to Cyrus S. Ching, director of the conciliation service.

They said they will keep in touch with parties to the dispute and will return to Pittsburgh if it appears they can be helpful in any way.

Style dictums are followed closely by most males in the matter of the straw hat season, but Pa Newc is informed that one gentleman was noted on East Washington street yesterday wearing a straw hat.

Pa Newc's attention has been called to the fact that one New Castle woman donated her tenth pint of blood to the county blood bank Wednesday during her lunch hour. dual role as acting foreign minister, was delivered to Russian Charge D'Affaires Gregory Smujukov by Deputy Foreign Minister Vladimir Popovitch at 11 a. m. (6 a. m. EDT).

It was a reply to the recent Soviet note which denounced the friendship pact with Yugoslavia. Describing Soviet politics for Yugoslavia as "hostile," Tito said the "arbitrary and unilateral" breaking of the friendship treaty "renders impossible any agreed solution to the situation."

This was seen as another hint that Tito now fears Russia wishes only a forcible solution which involves "liquidation" of himself.

Only last night Poland joined Russia and Hungary in denouncing its friendship pact with Yugoslavia.

The note to the Soviets from the Belgrade government said:

"The responsibility for the consequences which might result from the non-peaceful acts of the Soviet government to Yugoslavia must be borne exclusively by the Soviet government."

The largest in three years, the 1949 Pennsylvania turkey crop is now indicated to be 1,378,500, an increase of nine per cent over the 1948 crop.

An examination of the wrecked car was made by State police following the crash, who were unable to give an explanation of how the accident occurred. It is not believed to have been caused by a bursting tire, however. One of the tires was found damaged after the accident, but it appeared to be a fresh cut and the wheel on which this tire was located, was badly bent, apparently when the car struck the end post of the bridge.

## U. A. W. MEMBERS HEAR DR. E. STAGG

"Impressions of Europe After Sixteen Years' Absence" was the subject of the address given by Dr. Ella McKee Stagg Thursday evening to members of the American Association of University Women.

At this first dinner-meeting of the year held in New Wilmington, Dr. Stagg held the interest of the audience as she related her many experiences abroad.

Dr. Stagg was greatly impressed by the devastation made by the war and bombing in the European countries. In the face of such terrible odds, the people are cheerful, optimistic and kind—especially to Americans, to whom they feel indebted.

Much rebuilding is in progress. New streets are being paved, sanitary improvements installed, and modernizing is being done in general. Many old things are disappearing to be replaced by up-to-date buildings and improvements.

Dr. Stagg decried the trend in education, which seems to belittle the study of modern and ancient languages. "Languages are the medium of better understanding between nations and through them chances of peace will be improved."

In her tour abroad, Dr. Stagg visited Belgium, France, Holland, Norway and England.

The International Relations committee was in charge of the dinner last evening. Dr. Myrtle McGinnis was the chairman. Mrs. E. B. Russell and Mrs. Alvah Shumaker assisted. The social committee chairman was Miss Arlene Risher and aide, Miss Mary Kissick.

Day Of Atonement Most Solemn-Sacred Day In Jewish Religious Calendar

The Day of Atonement is the most solemn and sacred day in the Jewish religious calendar. It concludes the ten days of penitence and prayer ushered in by the New Year. In temple and synagogue, the Jew petitions the Almighty to pardon his sins and to redeem his soul. It is a day of deep spirituality and soul searching, for on this day the heart strives to be "at one" with the Eternal plan.

The whole day is spent in the synagogue. In the evening, ushering in the solemn day, there is the chanting of the well-known Kol Nidre prayer.

According to Jewish folklore, on this day, the Recording Angel causes all humanity to pass before the Divine throne of justice. Each man is judged according to his merits and his fate is inscribed in the Book of Life for good or ill.

The Day of Atonement holds out to every man the hope and promise of redemption and salvation if only he repents his sins and resolves to live a better life in the future.

In this time of conflicting ideals among nations, the Day of Atonement brings its message of peace and contentment for all humanity. It exhorts man to place the evil far from his heart and mind, for only through strict adherence to the principles of honesty, justice and good faith, can mankind live in prosperity and peace.

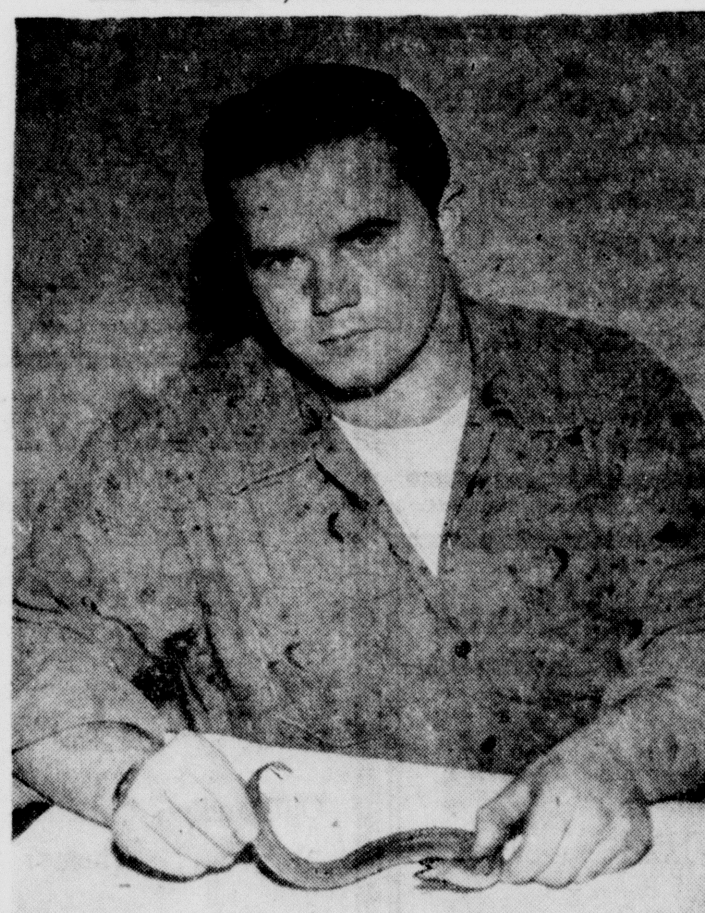

The services for this holiday concludes with a blast of the Ram's horn, or Shofar, symbolizing religion's call to all men of good will to join together under the Fatherhood of God.

Services at Temple Israel will start on Sunday Yom Kippur evening at 7:30 o'clock, at which time Kol Nidre services will also be conducted.

Dr. Iwan J. Gruen will be in charge. His sermon's topic will be "Running Away From God." On Monday, an all day service will be held at 10 a. m. Dr. Gruen will preach on "Atonement Through Justice." At 1:15 p. m., a children's service will be held, conducted by the students of the religious school.

During the men's service, which will commence at 4 p. m., in the afternoon, a memorial plaque, in memory of Marcus Feuchtwanger, first president of Temple Israel, will be dedicated.

## Eel Found 4,000 Miles From Home

—New Castle News Photo  
Jack McCoy, 227 1/2 Park avenue, displays a 16-inch ocean-going eel caught 4000 miles from its original home in the Sargasso Sea which is 450 southeast of Bermuda. The eel was caught at Wilmington Junction in the Neshannock creek. N. R. Casillo, biology instructor at Senior High school, says that this eel is rare in this locale. The common eel, he says, is not to be confused with the Creek Lamprey eel which is common in the Neshannock. The latter is an ancient form with gill openings similar to those of the shark. The common eel is a true honey fish and fine eating while these are not.

## Dual Series Starts At Second U.P.

Rev. Rose Will Address Morning  
And Evening Congregations  
On Special Subjects

Rev. J. Calvin Rose, pastor of Second U. P. church, County Line street, will open a series of sermons Sunday morning and evening in the eastside church.

The series is being given as a part of the educational program of the Second church for adult members during the fall months. During the morning worship hours the pastor will be heard on a series preached under the title, "I Believe." Each sermon will be based upon the Apostle's Creed and will explain why we believe this particular creed.

In the evening Rev. Rose's special theme will be "What Others Believe." In this series he will deal with the teachings of such groups as Mormonism, Roman Catholicism, Jehovah's Witnesses, Psychiana, Spiritualism, and the Peace Mission Movement of Father Devins. The purpose of the series will be to give people a better understanding of what their neighbors may believe and why. In America it is good that we should ever defend the right of all men to enjoy freedom of religion. We believe that this right can best be preserved by an understanding of what others believe. The evening series open at 7:45 o'clock.

## Rev. Oliver Hurst On Pastor's Hour

Rev. Oliver W. Hurst, pastor of First Baptist church will conduct the regular service over radio station WKST on Sunday at 2:30 p. m. The church choir will be heard in two anthems. Mrs. W. H. Luikart will preside at the piano.

At the conclusion of the service a free will offering for the work of the lepers will be taken. The work in Lawrence county is under the supervision of Albert Chapin, president of the New Wilmington district of the Lawrence County Sabbath School association. McKinney has been heard in several churches about the city and county during the past few weeks. He is a graduate of Practical Training Bible school in Binghamton, N. Y.

Rev. McKinney will speak at the Princeton Presbyterian church on October 9.

Common sights to be found around the city are piles of burning leaves, the smoke fills the air with an aroma that says "fall is here!" The leaves that fall from trees at this time have to be removed from the lawn. If they are allowed to lay for any length of time they will smother out the grass. If the leaves are allowed to lay on the lawn during the winter great damage will be done. The raking up of leaves in the

Following a successful evangelistic crusade in their church, members of Second Baptist church,

North street at Norris way, are planning for the baptism by immersion of 15 candidates during the Sunday morning service of the church.

The pastor, Rev. J. L. McFarland, announces that one of the candidates for baptism is a 94-year-old convert. During the crusade, which came to a close last Sunday, 22 were reclaimed. Rev. J. L. Neyman, retired Baptist pastor, will be assisting in the 11 a. m. service at Second Baptist.

## National Newspaper Week Being Observed

HARRISBURG, Oct. 1—Public service journalism was praised by President Harry S. Truman and by Governor James H. Duff in statements issued today by the Pennsylvania Newspapers Publishers' Association at the beginning of the 1949 National Newspaper Week.

"No one can question the extremely fine services given the residents of this great Commonwealth by its daily and weekly newspapers, both in the dissemination of news and in boosting the areas which they serve," said Governor Duff. "My heartiest congratulations on another fine year and most sincere wishes for continued success in the future."

Said President Truman: "Again it is my pleasure to send my greetings and best wishes to the press of America on the occasion of National Newspaper Week. I like your slogan very much. Freedom does indeed go where the newspaper goes. All of us should be eternally grateful that we live in a country where freedom of the press is guaranteed as a fundamental right."

Scores of Pennsylvania daily and weekly newspapers have arranged for plant visitations during National Newspaper Week, thousands of invitations having been issued to high school pupils, civic club members and other groups to see and hear just how a newspaper is put together, according to an announcement made by the PNPA today.

In a large number of communities, newspaper meetings will be conducted by Kiwanis, Rotary, Lions and other service clubs. Speakers will include editors from large and small newspapers.

The slogan for this year's Newspaper Week, "Freedom Goes Where the Newspaper Goes," will be the basis of many editorials and other educational messages to be published in the state's newspapers, a PNPA announcement says.

**Newspaper Day, October 8**  
National Newspaper Day will be observed Saturday, October 8, with publishers in many cities planning to salute their carriers at meetings and to announce newspaper contests at which there will be substantial awards.

In charge of the observance in Pennsylvania is William N. Hardy, in a letter to the Pennsylvania Newspapers Publishers' Association, who originated Newspaper Week in 1932 to see it grow into a national observance in 1940. In charge of the nationwide tribute to newspaperboys is Howard W. Stodghill, Philadelphia Bulletin. In a message sent to PNPA member newspapers today, Mr. Hardy said:

"It is well to let newspaper readers know the important role the newspaper plays in their daily life. It is their key to a better understanding of community, state, nation and the world. It is the guide to knowledge, to entertainment, to shopping. It is also an integral part of American democracy in action and a staunch defender of the American heritage."

of freedom...for "Freedom Goes Where Your Newspaper Goes!"

The principal Newspaper Week event in Pennsylvania will be the Twenty-fifth Anniversary Convention of the PNPA at the Penn Harris Hotel, Harrisburg, Friday and Saturday, October 7-8, with more than 400 editors, publishers and other newspaper executives attending to discuss important newspaper problems of the day. In charge of this convention will be Robert E. Mallek, publisher, Shamokin News-Dispatch, and Eugene H. Vosburg, publisher, Burgettstown Enterprise, vice president of the Association.

The honorable Harold E. Stassen, president of the University of Pennsylvania, and former Governor of Minnesota, will be the principal speaker at a dinner which will close the convention Saturday evening.

### Dr. W. A. Yeager Heard At McGill P.T.A. Meeting

Dr. Yeager Speaks On Child Welfare; Committee Heads Named For New Year

"Back to School" was the predominant theme when the Highland Avenue and Arthur McGill schools held a joint meeting of their newly organized P. T. A. in the festively decorated auditorium of the Arthur McGill school on Wednesday evening.

The meeting was opened with the singing of America, after which Mrs. Samuel W. Perry, Jr., president of the Arthur McGill unit, welcomed the assemblage and introduced James C. Cavill, president of the Highland unit, who commented briefly. She then presented Dr. Joseph A. Hartman, principal of the schools, who, with his usual poise, admirably made the introductory address, presenting to the audience the noted educator,

Dr. William A. Yeager, who was the speaker of the evening.

**Dr. Yeager Speaks**  
A large, enthusiastic group of over 350 persons, including parents, teachers, officers of other local P. T. A. units and invited guests, listened with attention as Dr. Yeager, who is professor of education and director of courses in school administration at the University of Pittsburgh, spoke on the nature of cooperation which may be developed between the home and the school, parents and community. He used as a basis for discussion the four point program of the National Congress of Parents and Teachers, which includes: school education, health, world understanding and parent and family life education.

Dr. Yeager stressed the importance of bringing into closer relationship the home and the school, that parents and teachers may cooperate intelligently in the training of the child. "Our children have the right to expect the best

the community has to offer," stated Dr. Yeager, further emphasizing the fact that "Sound children come from sound homes."

Continuing, he urged study groups and panel discussions as excellent means of keeping abreast of and dealing with current problems pertinent to the welfare of the child. "Cooperation between the home and the school, bringing about a closer-knit balance, is the ultimate goal of a working Parent Teacher association," Dr. Yeager concluded.

Dr. Yeager's dynamic personality and keen wit delighted his audience as he projected serious "food for thought," plus a working plan to strive toward for the coming year.

It was generally conceded that the initial meeting will be a difficult one to surpass.

**Officers Named**  
The business meeting consisted solely of the announcement of the

officers and committee chairmen who will serve for the coming year. The Highland officers and committee chairmen who will serve for the coming year.

The Highland officers and committee chairmen are as follows: president, James C. Cavill; vice president, Mrs. George Kline; secretary, Miss Elizabeth Morrow, and the office of the treasurer is open yet. Mr. David Gatrall will serve as program chairman and the budget and finance committees will be headed by Lawrence Perelman. Mrs. Marshall Matheny will head the legislative committee, and the publicity, hospitality, membership and study group committee will be under the direction of Mrs. Louise McConnell, Mrs. Clark D. Todd, Mrs. Louis Hazen and Myron Milbourn, respectively.

The McGill officers are: Mrs. William E. Langan, vice president; Miss Lillian Martin, secretary; and Joe Lockley, treasurer. Mrs. Perry named the following committee

chairmen: program, Ed Feass; membership, Mrs. Jacob Jordan; study groups, Mrs. Charles Maier; budget and finance, Frank Brooks; hospitality, Mrs. John P. Byers; publications, Mrs. Robert Weber; legislation, Mrs. Sherman K. Levine, and publicity, Miss Margaret Preston.

**Room Award**  
At this time Mrs. Perry introduced Mrs. Jacob Jordan, who bestowed the room award, which is an aquarium, given for the current month to the room having the largest representation of, parents present. This award was won by the 3-2 class, taught by Miss Helen Meyer.

Among the guests present were: Mrs. William A. Yeager, Mrs. R. G. Leslie, Miss Nannie Mitchell, Mrs. Marjorie R. Nelson and Arthur Walker. Regrets were received from Dr. Burton, superintendent of schools, who was unable to be present since he is attending the

Educational Congress in Harrisburg. Light refreshments were then served buffet style from a prettily appointed table with the hospitality committee, headed by Mrs. John P. Byers, in charge.

Every day in the week is set apart by some people, as the Sabbath.

## Y.W.C.A. Groups Conference Held

Discussion Groups On Y. W. C. A. Problems Is Principal Issue Thursday Evening

SUPPER AT 6 P.M. CLOSES PROGRAM

Seventy-three members of YWCA board, clubs and committees convened Thursday afternoon in the auditorium of the Young Women's Christian association for the annual setting-up conference, with Mrs. James W. Moorehead, president of the association, presiding.

Washington Y-Teens topped the attendance record of all Y-Teen clubs with 14 present, the Italian Mothers club had ten members in attendance which was high for the adult clubs and a prize for the committee having the best attendance went to the BP&I committee with a 75% attendance.

Mrs. Bruce Headland is chairman and she graciously accepted the gift of two dozen gladioli donated by Mrs. Moorehead and divided them with her committee.

At the opening of the conference singing was led by Mrs. Clark McClelland, director of teen-age program, and accompanied by Miss Shirley Webber, director of the Elm Street Branch.

The focus as adopted by national convention last March was the central theme of a worship service led by Mrs. George D. Morris, chairman of religious education in the Y.

Mrs. Moorehead welcomed the group and explained the schedule of the conference after which the women and girls went to discussion groups, depending on the number received when they registered. One third of the adults went to the lounge to discuss "The Purpose," a second third went to the parlor to discuss "Membership fee-sharing" and the remaining third discussed "Electors and Electors' Assembly." Y-Teens, 28 in all, discussed "The Purpose" and "Membership fee-sharing" in the club room.

Assembly Held

At the assembly after supper findings from these groups were read by secretaries who had been appointed by each group. These findings are important in that they deal with YWCA policy and probably will be up for acceptance or rejection at the January annual

meeting. They were reported as follows:

"The Purpose" reported by Mrs. C. M. England, "The group feels that the YWCA has gone beyond the church purpose and is already operating on the personal purpose. The personal purpose depends on what a woman or girl thinks, not on what church she belongs to. The personal purpose definitely speaks of 'fellowship of women and girls' and 'our common life.' They also had discussion on membership fee-sharing and the findings were, 'Let the membership fee remain the same but stress the national fee more in the future, but leave it to the individual what she gives.'"

Discussion "Fee-Sharing"

Findings from the group on membership fee-sharing were read by Mrs. Raymond J. Williams. "It was the consensus of opinion that the YWCA stress the contribution to national board in the advance letter preceding the membership enrollment and that the contribution remain voluntary for another year."

Findings read by Miss Helen White from the group discussing "Electors": Members would be persons who pay membership but accept no responsibility. Electors would be persons who accept responsibility in the association and vote for board members and on any questions that may arise. Suppose no one wants to be an elector. What would happen? Would all the groups be represented by electors if free choice were given?

"One opinion was stated that the elector system would be better because the electors might be well acquainted with persons suggested for board members. Another opinion was expressed that it was a good idea to have delegates to convention selected by electors."

Findings reported from the Y-Teen discussion by Betty Leddy, a delegate to the area conference at Bethany college last summer, said in effect, "Y-Teens like the personal purpose because it is expressed in words that they understand as contrasted to the church purpose which is expressed in such general terms."

"Y-Teens are willing to accept membership fee-sharing with national as a part of their very definite responsibility to national for the help they receive."

This conference was attended by group leaders and now each of these leaders is responsible for taking these matters back to her group for discussion.

Supper Served

The supper was served at 6 o'clock with the business girls paying for theirs, but all others, including Y-Teens, bringing a covered dish. The food was excellent and was attractively arranged on a long table, smorgasbord style, by members of the Blue Triangle and Junior Business Girls club. Mrs. Jess R. Shaffer, president of the Blue Triangle club, brought and arranged lovely bouquets for all the tables. Members of the Italian Mothers club served the ice cream.

Registrars for the conference were Terry Dolson, Betty Leddy and Donna Shearer, all members of the NeCahi Y-Teen club of which Miss Janet Brennenman is adviser.

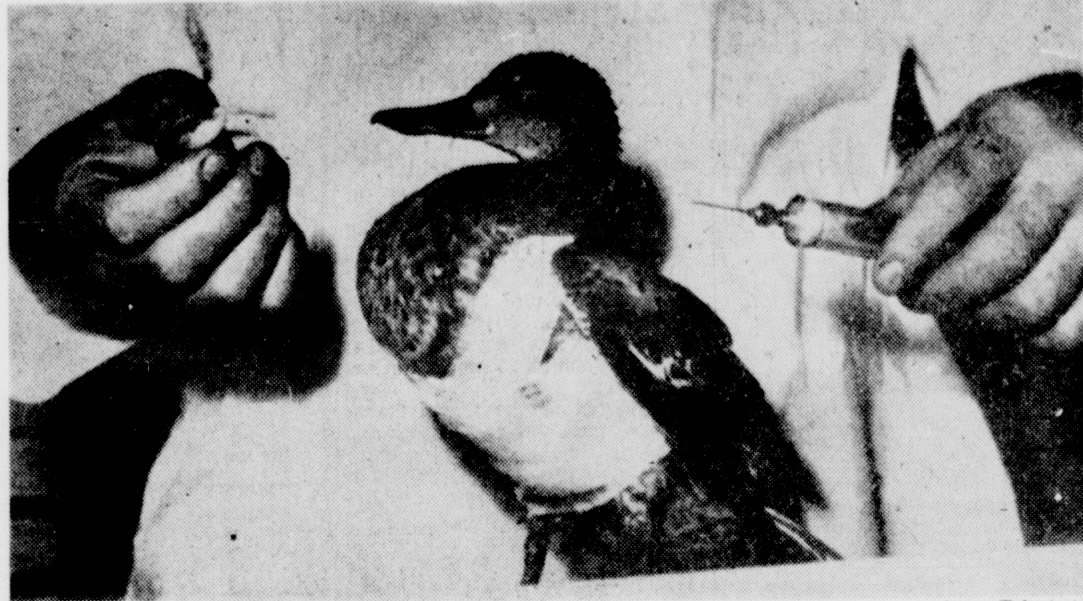

Many colorful flowers, taken to the YWCA by Mrs. Moorehead and Miss Eva Johnston, added beauty and hospitality to the conference setting.

PHILADELPHIA, PENNA.—Admiring little friends of Joseph Dowling, Jr. (left) look at gold coins and buckles he, another little boy and a man discovered on a beach at Mantoloking, N. J. The treasure was found in a chest believed to be from a sunken, 18th century pirate ship. The coins, apparently date from the reign of George III, probably about 1780. They appear to be gold guineas. The chest contained over 100 coins plus gold buckles, cuff links and rings.

## Governor Urges Safe Hunting

HARRISBURG, Oct. 1.—(INS)—Gov. James H. Duff today appealed to all sportsmen to "hunt safely."

In a statement endorsing "Hunt Safely Week" October 16-22, Duff said:

"The differences between safety and disaster lies in how carefully and sensibly the gun is handled," he declared.

"Hunting is just as hazardous or as safe as the hunter makes it. It can be much safer than numerous competitive and combative sports. It will remain unsafe as long as a man places his quarry above his loved ones."

## Central Church Special Program Planned Sunday

Rally Day Sunday School Program And Special Church Service Arranged

Central Presbyterian church has prepared an attractive rally day Sunday school program in connection with its "Victory for Christ" building fund campaign. All classes will assemble in the auditorium of the Cathedral for graduation exercises.

A miniature church, with lighted background, will be featured, into which will be poured the Sunday school gifts for the church building fund. A recorded talk will be played back on the recording machine, the subject of which is "What Do You Know About Your Church?" This will reveal the history of Central Presbyterian church since its inception in 1851.

The church service will also be centered about the building program. The Rev. Kenneth W. Moore, D.D., will preach on the subject, "On Fire for God". Bulletins will give the latest reports on the first report meeting held last Thursday night.

The total in hand to date in pledges and cash is \$35,652. Numbered among the pledge gifts are 15 memorial gifts.

Chairman John F. Love states that the campaign for \$50,000 is in its first stages, and that prayer and hard work will enable the church to realize its goal by October 10. Two more report meetings are scheduled, one on the 6th and one on the 10th.

Mrs. Lydia Ann Hughes, who will be 97 next January 10th, the oldest member of the church, said

yesterday: "You have my blessing and may God's blessing be upon you in your undertaking to build our new church and Sunday school building."

### SKINFINT

Children do not now much about flint nowadays. When Lincoln was a boy every house had a piece of it. Flint was a piece of hard stone, which gave off sparks when struck with steel. People used it to start a fire or fire a gun.

We do not use flint any more but we still have skin.

Skin needs food. It must have nourishment just as much as other parts of the body.

Skin gets its food through the mouth just like the brain and the muscles do.

It needs cleanliness and sunshine and good food.

Indians seem to like to paint their skin.

Girls appear to fancy a paint job too.

If it makes them feel better and look better, why worry?

Good health is a pretty good painter.

## Cement Plant Worker Expires

Donald Cameron, Aged 72, Of R. D. 9, Dies After Being Injured Thursday

Donald Cameron, aged 72 years, of R. D. 9, an employee of the Medusa Portland Cement company, at Wampum, died in the Jameson Memorial hospital at 1:40 a. m. today. Coroner Charles E. Allen reports.

Mr. Cameron, a veteran employee of the Cement company, was watching workmen when he was engaged in pressing a gear off a shaft at the plant, late Thursday morning, and was standing close to the operation, when a steel block slipped out and struck him, knocking him backward.

At the time, Mr. Cameron's injuries appeared to be of a superficial nature, as he had only a laceration of the back of the head, and bruises of the chest.

A F. Krebs, superintendent of the Medusa plant, however, deemed it advisable to have him taken to the hospital, and on his way to New Castle, he began to show signs of shock. His condition gradually worsened, death following at 1:40 o'clock this morning.

An autopsy was performed at the Jameson Memorial hospital this morning, which revealed that Mr. Cameron's death was caused by a ruptured spleen.

Born in Taylor Township, Mr. Cameron was born in Taylor township, son of the late George and Anna Clark Cameron. He lived his entire life in Lawrence county.

The deceased worked at the Medusa Cement company at Wampum for 40 years, being a machinist by trade. He was a member of the Wampum Presbyterian church and the I.O.O.F. of Wampum.

His wife, Mrs. Eva Newton Cameron died March 11, 1930. Surviving are his children: Mrs. Gladys Bannon, R. D. 9; Mrs.

## High School Band Gives 'Girl' Show At Grid Stadium

The gals took the front seat at Taggart Stadium last night as Joe Replogle and his Ne-Ca-Hi band presented their salute to the American girls. The band came on the field to the fast cadence of "The Booster" march. Then while playing their theme number, "I Want A Girl Just Like The Girl That Married Dear Old Dad," they formed 5' 2" and played "Five Foot Two."

American girls are standouts all over the world so the band outlined the world for their next formation and played "If You Were The Only Girl In The World." Three of the majorettes were featured doing flag twirls during the selection.

Next formation for the band was a huge bell. The majorettes formed a clapper and as the band played "The Bells Are Ringing For Me And My Gal" the girls rang the bell.

The field lights went out and as the band lights came up the Statue of Liberty was made out. The majorettes used their fire batons to provide the torch, and the band played "Hail To The Spirit of Liberty." Now the band went into marching formation and did some marching movements while playing the song that tells of the one thing common to all American girls, "Smiles."

The band has been working hard on its show and marching routines as have the majorettes and their dancing and twirling. If they get a break from the weatherman there will be some real entertainment come half-time on Friday nights.

## Sharon High Band Pleases Grid Fans

Friday night festivities at Taggart stadium not only featured rivalry between the New Castle and Sharon football teams but also some keen competition between the bands of the schools.

No decision was rendered in the latter contest but the spectacle was thoroughly enjoyed by the crowd of more than 11,200.

The two bands joined to play the "Star-Spangled Banner" at the flag-raising ceremony before game time. Half time intermission saw the visiting musicians take the field first and put on an excellent display of marching and quick tempo music.

The natively attired drum majorettes caught the eye of the many New Castle grid fans who really enjoy the high stepping young ladies with the whirling batons.

It's always a pleasure to have a visiting band accompany its team to the contests and the Sharon group will certainly be welcome here in 1951.

## When You Order Merchandise You Want It Delivered Quickly

One of the reasons the motor truck industry came into existence was its ability to deliver merchandise quickly and efficiently.

When you order merchandise from another city you want it delivered within a reasonable time. If you have to send tracers out to transfer points, wait for weeks for delivery it is annoying to say the least.

Motor truck transportation means overnight delivery from cities within two hundred miles away. It means door to door delivery, it means certainty of delivery within a short time after your order.

# New Castle Crushes Sharon High Under 41 to 0 Score

## Red Hurricane Unleashes Powerful Scoring Attack

New Castle Senior High football team played a familiar tune on the scoreboard last night as the Red Hurricane waltzed to a 41 to 0 win over visiting Sharon High.

It was the fourth win of the season for the Bredenburg eleven, and the first in WPIAL Double A competition. Sharon now has three losses and one victory.

The big, hard charging Red and Black line, led by Bucky Tate, again dominated play throughout the contests. The boys up front held Sharon to a net gain of minus 25 yards on the ground and continuously opened large holes for the Cane backs to pick up a total of 362 yards by rushing.

**Crowd Largest Of Season**  
If the holes weren't there, fullbacks John Roussos and Bo Wallace bulled their way for extra yardage first downs, and four touchdowns.

More than 11,200 fans, the largest crowd of the season, saw Roussos and Wallace each cross the final chalk stripe twice. Dick Lewis and Dick Altman added six-pointers and Lewis booted five of six placement attempts for point after touchdowns conversions.

**J. Altman Scores**  
The Cane scored 20 points in the first half, and by the time the last period rolled around, the badly beaten Tigers were the victims of three more TDs.

Jim Altman provided a clue on the rout that was to follow by scampering 57 yards through right tackle from his own 38 on the first play from scrimmage. A five-yard penalty set the Cane back to the ten but "Big Jawn" Roussos crashed over from the seven on his second try at the line. Dick Lewis deep pass, Harmon to Rodgers, covered 40 yards and gave the Tigers a first down on the New Castle nine. A rushing and two pass plays failed before Dick Altman intercepted a Beharry aerial in the end zone and returned it to the 28.

**Three In Fourth**  
The Cane added three touchdowns and three extra points to make a real rout of the game in the fourth period. Dick Altman took a wide lateral and swept right end to score behind nice blocking from the Sharon 41.

Sophomore John Roussos garnered his second TD by sheer strength and power on a 38-yard plunge right through center. New Castle had taken the ball there on downs after Rodgers was thrown for a loss on a fourth down pass attempt. Big Jawn's run was an excellent display of power running as he ran over and bowled over would-be tacklers. He scored standing up and left a trail of watery, badly shaken Tigers in his path.

Place kicker Dick Lewis got into the TD act by intercepting a Harmon pass on the Sharon 40 and scampering over for six more points. He added the seventh to make the score 41 to 0.

**Only Completion**  
New Castle's only pass completion of the evening was a long one from John Sansone to Bill Papst standing clear straight down the middle. The play came in the second period and covered 47 yards to the Sharon 10. Bo hit the end zone on his fourth try at center from the 2 and Dick Lewis made the half-time score 20 to 0 by adding the extra point.

First downs in the first half favored New Castle 7 to 1. Sharon's gain for the game to be three yards.

Sharon threatened the only time in the scoreless third period. A

Marinelli scored once more for New Castle's third team but the play was called back for an infraction.

Eric Academy visits the Stadium next week.

Lawrence County is and has been predominately a Republican County—a county dominated by one political machine. A machine which controls all of the City and County offices.

Where one political machine controls all of the law enforcement agencies, we fail to have the best government possible.

**LAXITY IN LAW ENFORCEMENT COMES FROM A SINGLE POLITICAL PARTY DOMINATING ALL OFFICES.** As a result of this laxity brought about by one party government, we find a machine which needs money and more money to perpetuate itself—a machine which exacts a 1% wage levy tax from every wage earner—a machine which, as a result of increased taxes, has money to burn and squander money to erect a million dollar white elephant (City Hall) when prices are at an all time high—a machine which must reward its faithful office holders for perpetuating its policies by providing liberal PENSIONS for the retiring officeholders—PENSIONS that are so liberal that a public elected official who served only fifteen days in office can retire at a PENSION of approximately \$1750 a year, all this at the taxpayers expense—a machine, which can squander money by hiring a politician who is making \$2,376 a year and induce him to come and join forces with them at a salary of \$4600 a year. **FOR THE GOOD OF LAWRENCE COUNTY, THIS MACHINE MUST BE DEFEATED.**

## Sandlot League Starts Sunday

**Two Games Will Inaugurate Sandlot Football Loop Here Tomorrow At Washington Field**

Everything is in readiness and the fans are awaiting the opening kickoff at George Washington field tomorrow afternoon as the newly organized City Sandlot Football league gets under way with two games carded.

In the first game, beginning at two, the South Side Lions will meet the Mustangs, and at 3:30 the Forest A. C. will go against the Shamrocks. Both games are expected to be real thrillers, as all four teams are loaded with stars of high school and semi-pro ranks.

**Well-Known Stars**  
Some of the former well-known stars performing in the league include Showalter, Neel, Tuscano and Marks of the Shamrocks, who are coached by Bill Doran; the South Side Lions, under Jack Daniels, have Earl Sallie, Arcuri and J. Fair, all recently of Ne-Ca-Hi.

The Mustangs will be counting on Valenti, Pitzer, Hannon and Di-Cola to carry the load, while Pat DeMarco of the Forest A. C. is equipped with such veteran stars as Sam Flora, Currie, Germani, Ross and Padula. With the teams as evenly matched as they are, a great deal of hot, exciting football will be offered to the fans this season.

## Shenango Downs Republic 20 To 0

**Wildcats Score First Win Of Season, Crowd Of 1,000 See Contest At East New Castle**

A small, victory hungry Shenango Wildcat made easy prey of a tough George Junior Republic football team Friday afternoon at Shenango High field. Coach Eddie Nahas' gridders clawed the visitors 20 to 0.

It was the first win of the season for the Shenango Gridders who had dropped decisions to Brodfield, Mercer and Zelenoff. It was also the first game appearance at Shenango field for the winners and more than a 1,000 people were satisfied with what they saw.

Shenango scored in the first, second and fourth period. Several other threats fell short and the Citizens hard running game was confined to mid-field for most of the game.

**Kroesen Tallies**  
The Wildcats drove for their first score after receiving the ball on the opening kickoff. Johnny Allen, and Dick Kroesen did most of the leather toting, with an occasional inside thrust by Paul Cochran, as the Wildcats drove 70 yards on ten plays for the TD. Right halfback Kroesen took a handoff from Cochran and romped the last 18 yards to paydirt. Bill Getchy converted. Two Johnny Allen passes made two of the four first downs on the drive.

The Citizens gambled with a running play on fourth down late in the second period and lost. Shenango took over on the Citizen 44 and crossed the payoff stripe six plays later on the last scrimmage of the half. Johnny Allen completed four out of five passes on this drive and ran the sixth play for a first down. Getchy took Allen's seven-yard aerial in the left flat for the TD.

Getchy hurt his knee on this play and was out of action the rest of the game. Allen failed on a plunge attempt for the conversion. Halftime score: Shenango 13, George Junior 0.

**Scoreless Third Period**  
The teams played a scoreless stalemate in the third quarter. A George Junior drive stalled on the Shenango 14 to end the Citizens biggest threat of the game.

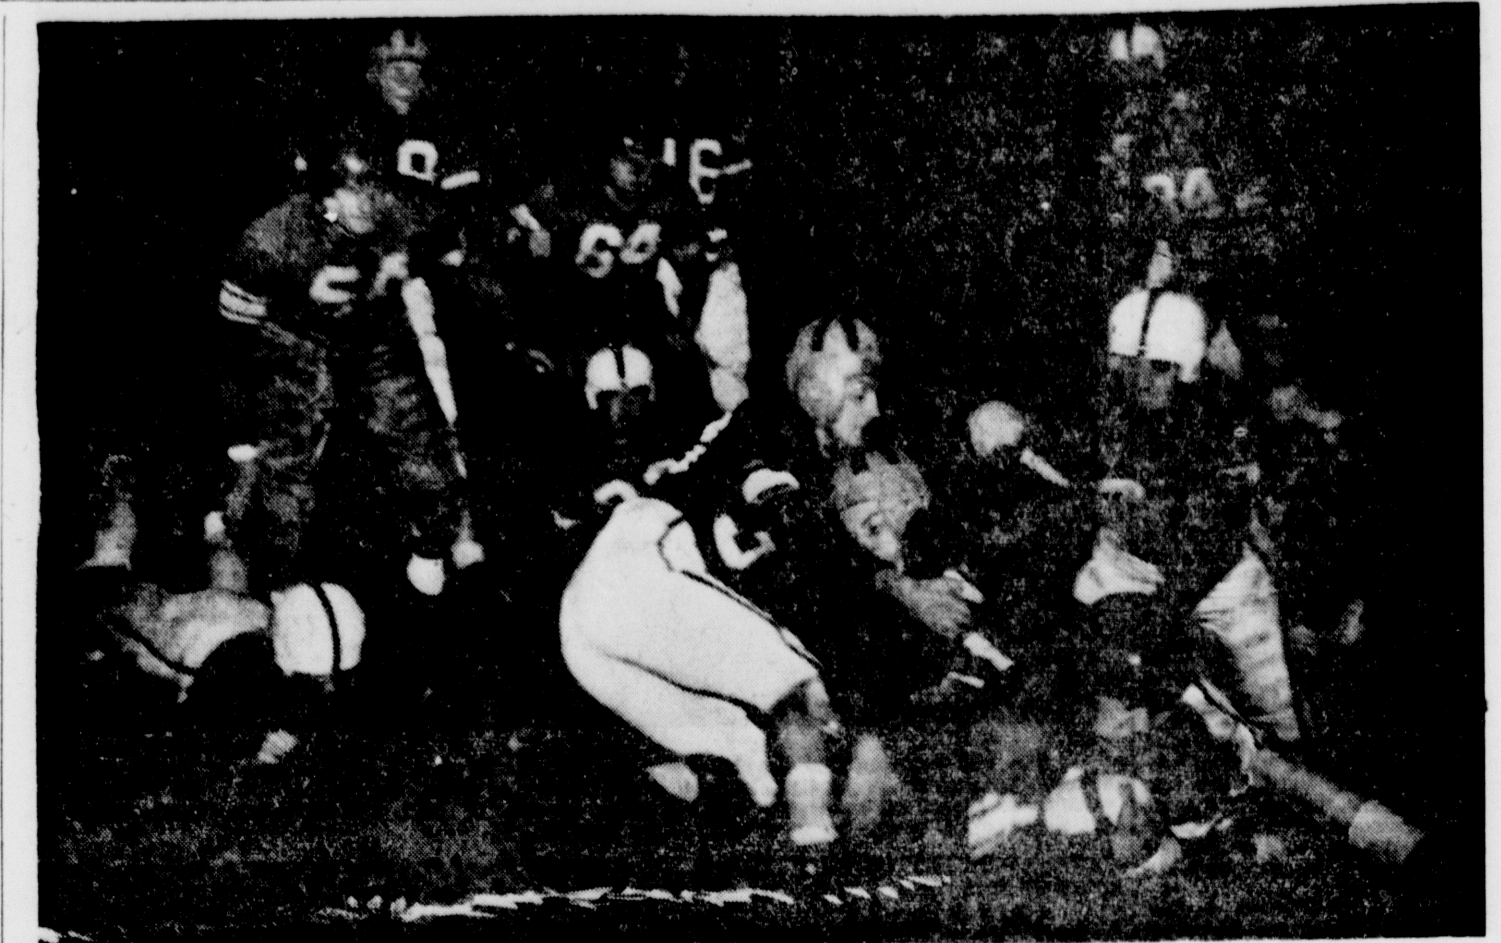

Eddie McCowin recovered Strausser's fumble of a Dick Kroesen kick midway in the fourth period to set up a Shenango TD. The recovery gave the Blue and Gold a first down on the GJR 24. Allen ran for three, then heaved a 17 yard pass to the end zone. Allen powered over from there on the next play. The halfback also converted to make the final read 20 to 0.

Shenango led in first downs 15 to 9. Allen pitched seven completions in eleven attempts for a very fine passing record. He was also the leading ground gainer with capable assistance from Cochran, Kroesen and McCowin.

## Red Sox Victory Today Will Mean 1949 Pennant, Dodgers-Cards Can Tie

**By LAWTON CARVER**  
(International News Service Staff Writer)

The tightest, toughest two-league finish in nearly a half century found the Boston Red Sox in position today to clinch the American league pennant and the Brooklyn Dodgers bucking for at least a tie in the National league.

With sunny skies forecast at the key points, the Yankees met the Red Sox at New York, the Dodgers played the Phillies at Philadelphia and the St. Louis Cardinals met the Cubs at Chicago.

**Crucial Battles**  
The Red Sox held a one-game lead over the Yankees and could clinch the American league flag with a victory today. In the event of a Red Sox defeat, the winner of tomorrow's concluding game between the two clubs will settle it.

The Dodgers hold a full game lead over the Cardinals and need only a win today to be assured of a tie for the National league flag.

**Could End In Tie**  
A Dodger loss today and a Cardinal win would leave them tied up and make Sunday's games the deciding factor with a tie and a resultant three-game play-off possible.

In the latter case the clubs would meet at St. Louis on Tuesday, then come to Brooklyn for the finish of the best two out of three struggle for games games Thursday and Friday.

The mid last minute scramble has brought about sell-out crowds for Yankee stadium today and Sunday—with seats for more than 70,000—and bolstered attendance at both Philadelphia and Chicago.

**Bucs Top Reds**  
Kiner's 54th home run in the eighth inning last night provided the Pittsburgh Pirates with a 3 to 2 win over Cincinnati. Bob Chesnes, who gave up only four hits, bested Herman Wehmeier in a mound battle.

Ralph's homer last night was his 16th during September, a new league mark for one month.

At Boston, fourth place in the National league is at stake in the two-game series opening today between the Braves and New York Giants. The two clubs are tied with 73 wins and 79 defeats apiece.

Cleveland and Detroit also are tied for third place in the American league and will fight it out today and tomorrow. The Indians pulled into a deadlock yesterday as Joe Gordon's two homers enabled Bob Feller to best Hal Newhouser, 6 to 4.

## WILLIAMS WINS OVER RATFORD

PHILADELPHIA, Oct. 1.—(INS)—World Lightweight Champion Ike Williams added another victory to his records today with New York's Doug Ratford as his victim before 4,043 at the Philadelphia arena.

The Trenton titlist, at 139, won a unanimous 10-round decision. Ratford made a slippery target and managed to slide away from kayo blows, but Williams was master at all times.

Last season not only the Mooseheart varsity team went undefeated, but its six other teams likewise won every game—bantam-weight, lightweight, junior, etc.

**Trend To Fewer Farms, Farmers**  
**HARRISBURG, (INS)—**The  
trend in Pennsylvania today is  
toward fewer farms and not so  
many on-the-spot operators.

Ten years ago, the Pennsylvania  
production and marketing admin-  
istration reported, there were a  
total of approximately 145,000  
farms worked on a full-time basis.  
At present there are about 135,240  
farms, with a continuing down-  
ward trend.

The dropping off is due mainly to  
"a continual combination of  
farms." Experts say farms are get-  
ting bigger.

The PMA said the trend is to-  
ward fewer farmers but more peo-  
ple living on farms.

Latest figures on farm popula-

USE FRUITS, VEGETABLES FOR  
TASTY PICKLES

Pickled vegetables and fruits, because of their color, crispness and tartness, can pep up a bland colorless meal.

Pennsylvanians, especially the Pennsylvania Dutch, are accustomed to making many kinds of pickles. This dates back to the old custom of serving seven sweets and seven sours.

The Pennsylvania Dutch homemaker used to set the table with seven sweets and seven sours. It was the custom for the guests to look for and even count to see that there were exactly seven sweets and seven sours. It often became a matter of much gaiety to chide the hostess if there was a shortage.

Although this custom is no longer followed in many homes, there still is some carry-over. Examples are many of the pickled fruits and vegetables Pennsylvania farm families enjoy today.

Pickles do not replace the vegetables and fruits recommended for an adequate diet. Eat them in addition to these foods. Two suggested recipes are given—one for fruit pickles and the other for vegetable pickles.

**Pickled Pears—Kieffer**  
4 pounds pears  
2 cups vinegar  
1 cup water  
1 cup granulated sugar  
1 cup brown sugar  
4 two-inch pieces stick cinnamon  
Cloves

Wash, pare, cut in halves or quarters and remove hard centers and cores of pears. Boil 10 minutes in water to cover. Tie the spices loosely in cheesecloth and boil five minutes with the vinegar, water and sugar. Add the pears to the sirup and boil until tender. Pack the hot fruit into sterilized jars, cover with the hot sirup and seal. Store in a cool place. Other fruits, such as peaches and crab apples may be done in this same way.

**Green Tomato Pickles**  
1 peck green tomatoes, thinly sliced  
4 onions, thinly sliced  
1 cup salt  
1/2-ounce whole cloves  
1/2-ounce whole allspice  
1/2-ounce peppercorns  
1/2-cup brown mustard seed  
1 pound brown sugar  
4 green peppers, finely chopped  
Cider vinegar

Sprinkle alternate layers of to-

matos and onions with salt and let stand overnight. In the morning drain and put in a preserving kettle, add remaining ingredients, using enough vinegar to cover all. Heat gradually to boiling point and boil one-half hour. Pack hot in sterilized jars and seal while hot.

The prosecution contended that Medaglia, 29-year-old restaurant owner, was fatally injured in the Beaver Falls police station last
